(Winona, MN, October, 1998)

United Building Centers (UBC) recently announced the purchase of Walensky Lumber located in Sioux City, Iowa. UBC will assume ownership of Walensky Lumber owned by John Shulenberger on October 5, 1998.

"Customers can expect to see the same familiar faces they have learned to rely on for advice and suggestions," says UBC president, Dale Kukowski. In addition, customers will benefit from a freshened-up look with new layout, merchandising and signage added to make it even easier for contractors and do-it-yourselfers to find products.
