

## **Lanoga Corporation (United Building Centers) Acquires Priority One Millwork in Madison, Wisconsin**

**(Redmond, Washington – June 20, 2001)**

Lanoga Corp.'s Midwestern division, United Building Centers, last week acquired Priority One Millwork, a Madison, Wis.-based millwork assembly operation.

Priority One Millwork, which posted sales of \$8 million in its most recent fiscal year, will be combined with UBC's existing millwork operations in southern Wisconsin.

Paul Hylbert, Lanoga's president and CEO, said the move strengthens UBC's presence in the region. In southern Wisconsin, UBC operates a truss plant, distribution center, two retail locations and the combined millwork businesses.

Priority founders Jim Gugel, Bob Knecht and Steve Bethel will remain with the company in managerial positions
